THE NEXT GENERATION IN CLEARINGHOUSE SOLUTIONS

ΦHIcure

CUSTOMIZED MANAGEMENT TOOLS

From the point of submission to receipt of payment, you are in control of your transactions.

PAYER CONNECTIVITY

Our ability to handle all claim types is unique to the industry and allows us to manage your entire revenue cycle process through a single reporting platform.

ENROLLMENT AND SUPPORT

Our unique process and support staff enable us to collectively address your changing needs, ensuring our solutions fit your workflow.

ANALYTIC SOLUTIONS

Our analytic dashboard allows each person to select the information displayed based on the needs of their role in your organization.

ABOUT OUR CLEARINGHOUSE

Our passion for listening to our customers enables us to know exactly what they need and when they need it. The Clearinghouse and Electronic Data Interchange (EDI) industry is evolving. We seek to revolutionize the process and deliver customized technology solutions, to the healthcare marketplace. PHIcure's EDIQ™ platform offers an intuitive application, designed to deliver results the way your organization does business.

AUTOMATION AND TRANSPARENCY
at every level of the organization, giving insight into the claims process.
